Good Health Habits Can Help Stop Germs

1. **Avoid close contact**

Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too.

2. **Stay home when you are sick**

If possible, stay home from work, school, and errands when you are sick. This will help prevent spreading your illness to others.

3. **Cover your mouth and nose.**

Cover your mouth and nose with a tissue when coughing or sneezing. It may prevent those around you from getting sick.

4. **Clean your hands.**

Washing your hands often will help protect you from germs. If soap and water are not available, use an alcohol based hand rub.

5. **Avoid touching your eye, nose or mouth.**

Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

6. **Practice other good health habits.**

Clean and disinfect frequently touched surfaces at home, work or school, especially when someone is ill. Get plenty of sleep, be physically active, manage your stress, drink plenty of fluids and eat nutritious food.

Spirit Days

Spirit days are dress down/jeans days that are usually scheduled once a month, although others may be added throughout the year. Students may wear jeans or jean shorts and preferably a shirt that goes along with the Spirit Day theme. All clothing must be in good repair with no holes, rips or cut offs. Shorts and skirts must always be no shorter than 2 inches above the knee. Not allowed: athletic type pants or shorts, no sweatpants or yoga pants, tank tops, spaghetti straps, flip flops or open toe/heel shoes

Hoodies?

Hoodies are not dress code approved UNLESS they are Beverly Spirit Wear hoodies. Hoods must not be worn inside the building. Spirit Wear shirts and Fun Walk shirts ARE dress code approved for everyday use.
