Developing the Leaders of Tomorrow

Greetings Beverly Families,

We want to welcome everyone back to school after the long break with your families. As it is getting colder out, please make sure that your children are dressed warmly when they are coming to school. This is especially important if they are walking to and from home.

I would like to thank all the members of the Beverly Learning Community for helping Beverly raise \$1090.63 for the Old Newsboys! This will help the boys and girls of Toledo stay warm this winter. If you know of a Beverly student that is in need of a coat or shoes this winter, please let Ms. Coleman know.

We need your help with pickup and drop off. At drop off, if you could please let your child out of the car after you have pulled up as far as you can and you are along the sidewalk. Please do not pass other cars and pull in front of them, as this can cause an accident. At pick up, please keep pulling forward as far as you can go. Your child(ren) can walk down the sidewalk to meet you. This will help expedite the process.

For some reason this has gotten worse, and increased wait times for the drivers that are further behind. Finally, at both pick up and drop off, please be mindful that this is a school and there are lots of children all over at these times. Please do not drive faster than 5 miles per hour when driving through the parking lot.

Thank you for your support!

Matt Rowley

Happy New Year and welcome back! Hopefully everyone enjoyed a restful holiday break and is excited to return!

In the New Year, we'd like to see the number of office referrals decrease! Our 3rd, 4th and 5th graders have generated several referrals as of late...especially in the area of physical aggression. Please remind your children that keeping hands and feet to themselves is the best rule of thumb. Please remind your children that we are still following the PBIS rules of being respectful, responsible and ready!

A big thank you to Mrs. Fulop for organizing the Penguin Santa Shop!

Welcome back from a good rest! We missed you! Hopefully, you have taken time to get your children back into the swing of school with learning as THE objective. It is a good time for setting goals, especially as you sit down with your children to review their report cards. Getting back into a routine is one of the best things we can do for our children. They like predictability and it helps them to be responsible.

Have you ever tried having a *family meeting*? It's a good idea to give everyone a chance to talk about how you spent your Christmas, the New Year celebration and things that you did over vacation. Then, talk about expectations and the adjustment back to the school routine. What can we expect? What are we looking forward to? Do any things need to change in regards to the sleeping or waking schedule? The homework/studying routine? Setting goals in place now will alleviate unwanted stress later. Make sure the goals will be achievable and measureable.

After an initial meeting, be sure to have subsequent meetings in order to discuss how things are going. These bring opportunities to make adjustments or changes to our routines. They are good times for your children to understand all that you, as parents, go through to support them, too. You deserve a hand for all that you do to keep the family together and functioning from day to day. Thank you!

As we celebrate the life and legacy of Rev. Martin L. King, Jr., let us reflect on his words: "The function of education, therefore, is to teach one to think intensively and to think critically." (King, Coretta S. King, The Words of Martin Luther King, Jr. Harper Collins Publishers, 1987, p. 41)

Happy New Year 2020!
